

Privacy Notice for St Benet's MAT Secondary Pupils

Why do we collect and use pupil information?

The Academy is part of a group of schools called St Benet's MAT, which is a Multi Academy Trust. In this notice we talk about "the Trust". We set out below examples of the different ways in which we use personal information and where this personal information comes from. The Trust's primary reason for using your personal information is to provide you with an education.

We also collect and use pupil information in order to help pupils with additional special needs and requirements, so that we can ensure we offer the best possible support and resources to them (and their parents and carers) during their time in our academies.

We use the pupil data:

- to support pupil learning
- to monitor and report on pupil progress
- to provide appropriate pastoral care
- to assess the quality of our services
- to comply with the law regarding data sharing

The categories of pupil information that we collect, hold and share include:

- Personal information (such as name, unique pupil number and address)
- Characteristics (such as ethnicity, language, nationality, country of birth and free school meal eligibility)
- Attendance information (such as sessions attended, number of absences and absence reasons)

In order to comply with the General Data Protection Regulation, we will inform you whether you are required to provide certain pupil information to us or if you have a choice.

Storing pupil data

We hold pupil data for Primary pupils until they leave our Primary Academies and for Secondary students we store data up until their 25th birthday.

Who do we share pupil information with?

- schools that the pupil's attend after leaving us
- the local authority
- the Department for Education (DfE)
- Information management systems

Aged 14+ qualifications

For pupils enrolling for post 14 qualifications, the Learning Records Service will give us a pupil's unique learner number (ULN) and may also give us details about the pupil's learning or qualifications.

Why we share pupil information

We do not share information about our pupils with anyone without consent unless the law and our policies allow us to do so.

We share pupils' data with the Department for Education (DfE) on a statutory basis. This data sharing underpins school funding and educational attainment policy and monitoring.

Youth support services

What is different about pupils aged 13+?

Once our pupils reach the age of 13, we also pass pupil information to our local authority and/or provider of youth support services as they have responsibilities in relation to the education or training of 13-19 year olds under section 507B of the Education Act 1996.

This enables them to provide services as follows:

- youth support services
- careers advisers

A parent/guardian can request that **only** their child's name, address and date of birth is passed to their local authority or provider of youth support services by informing us. This right is transferred to the child/pupil once they reach the age 16.

Our pupils aged 16+

We will also share certain information about pupils aged 16+ with our local authority and/or provider of youth support services as they have responsibilities in relation to the education or training of 13-19 year olds under section 507B of the Education Act 1996.

This enables them to provide services as follows:

- post-16 education and training providers
- youth support services
- careers advisers

For more information about services for young people, please visit our local authority website.

The National Pupil Database (NPD)

The NPD is owned and managed by the Department for Education and contains information about pupils in schools in England. It provides invaluable evidence on educational performance to inform independent research, as well as studies commissioned by the Department. It is held in electronic format for statistical purposes. This information is securely collected from a range of sources including schools, local authorities and awarding bodies.

We are required by law, to provide information about our pupils to the DfE as part of statutory data collections such as the school census and early years' census. Some of this information is then stored in the NPD. The law that allows this is the Education (Information About Individual Pupils) (England) Regulations 2013.

To find out more about the pupil information we share with the department, for the purpose of data collections, go to <https://www.gov.uk/education/data-collection-and-censuses-for-schools>.

To find out more about the NPD, go to <https://www.gov.uk/government/publications/national-pupil-database-user-guide-and-supporting-information>.

The department may share information about our pupils from the NPD with third parties who promote the education or well-being of children in England by:

- conducting research or analysis
- producing statistics
- providing information, advice or guidance

The Department has robust processes in place to ensure the confidentiality of our data is maintained and there are stringent controls in place regarding access and use of the data. For more information about the department's data sharing process, please visit:
